### Aching Heads Are Bad for Business

No one can transact business properly when his head is fairly splitting with pain.

No saleswoman or salesman can give satisfactory attention to customers when suffering from this torture.

Business of every kind today demands clear-headed consideration—freedom from disturbance as far as possible—and the aching head is a hindrance.

You can assure yourself certain relief from headaches by taking

## WISHES TO SELL HERSELF LAND

Trustee of an Insolvent Estate  
Asks Court Order for  
Unique Purpose.

In order to satisfy creditors, one of the trustees for the insolvent estate of Pedro Augusto Dias, deceased, has filed a petition in the circuit court for an order to sell the estate to herself. The trustee in question is Julia Augusta Dias and the petition has been filed by her jointly with John P. Dias, the presence of John Dias as trustee making the action necessary. Julia Dias, in partnership with Jose J. Dias are in business together and the partnership will buy the estate, thus bringing about the unique situation that requires a trustee petitioning for an order of court to sell land to herself.

The liabilities of the estate are \$7367.92 and the assets are \$7032.67. At the time of his death, Pedro Dias was running a saloon at Waipahu under a second-class liquor license which expired a short time ago. The liquor board gave the estate an extension of three months in which to continue the business and wind up the accounts, and the trustees found the time insufficient to do this. Owing to the nature of the business the schedules filed name over \$1800 on the asset side as bad debts and state that there is a possibility of many more being in this category. The assets, aside from the personal property, which amounts to a small percentage, are a number of small accounts with what appears to be the entire present and past population of Waipahu.

At this stage of affairs, Julia Augusta Dias, who, in partnership with Jose Dias, is running another saloon at the same place under the name of the "Waipahu Exchange," comes forward and offers to purchase the estate from Julia Augusta Dias, the trustee. The action is to be taken to allow more time to settle up the outstanding accounts and has been so taken with the consent of the debtors and creditors of the estate. Even as it is the purchasers will lose considerably, and the creditors will be satisfied with the personal guaranty of the purchasing partnership. At the present time, H. Hackfeld & Co. are holding 62 shares as part security.

### MORE LANDS TO BE HOMESTEADED SOON

Kulaimanu District Withdrawn  
For That Purpose—Oleheha  
Lease Did Not Sell.

Marston Campbell, commissioner of public lands, announced yesterday that he had withdrawn a large tract of land at Kulaimanu, Hilo district, Hawaii, to be opened to homesteading, the official announcement closely following that of the opening of land for the same purpose at Kaohoe.

At present the Kulaimanu lands are under lease to one of the large plantations on the Big Island and are planted with cane. It will not be until the cane crop is removed next year that the tract will be opened for homesteading.

The sale of the Oleheha lease did not make a very loud noise yesterday at noon, the time set for its disposal. Prospective bidders did not appear and the four hundred odd acres still belong to the Territory. The water supply for the land in question is controlled by McBryde and Fairchild interests and this might have spoiled the sale. Marston Campbell stated yesterday that the land will now probably become a part of the Kapaa lease.

### NEW FORMS ARE TO BE USED IN SCHOOLS

Superintendent Babbitt Has New  
Schemes for Tabbing His  
Domain.

As a part of his scheme of recording the statistics of the schools Superintendent Babbitt of the board of public instruction has introduced two new forms. The first and more important of these, in a space of a few square inches, will contain the entire record of a pupil's school career with blanks on the reverse side where the parent may check it up. The department of the pupil and the number of times absent as well as his or her standing in the regular branches of study will be recorded for the three terms of the eight years of schooling.

The second form is to condense the report of each school district at the end of each term and at the same time to give a more complete summary of the work, enrollment and attendance of the school. Pupils by name may check it up. The department of their standing in special studies and a complete attendance record are the features. Both forms are innovations.

The Lady (to her who had risked his life to save her little dog from a watery grave, and looks for some reward)—Poor fellow, how wet and cold you are! You must be soaked through to the skin. Here—I'll give you some quinine pills; take a couple now, and two more in an hour's time.—The Throne and Country.

Mrs. X (away from home)—John, did you leave out anything for the cat before you started? Mr. X (who dislikes the beast)—Yes; I left a can of condensed milk on the table, with the can-opener beside it.—Human Life.

Don't forget Stamp Day.

### A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down, as it were, of the vital forces that sustain the system. No matter what may be its cause (for they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in such cases is increased vitality—vigor—
